Full Stack Web Developer

+964 07728422106 @aaltwt49@gmail.com <https://www.linkedin.com/in/tabarak-ali-star> <https://github.com/TabarakCodeCraft>
Iraq Baghdad My goal is to become an outstanding architect and a technical leader. 2001/11/4 Iraqi

SUMMARY

Full Stack Developer with 4+ years of experience building scalable, high-performance web applications using the MERN stack. Proven track record of delivering end-to-end solutions, from architecture and development to deployment, while improving development efficiency by 20% and consistently delivering projects on time. Experienced in designing modern frontend architectures, developing robust backend APIs, and creating seamless user experiences. Passionate about writing clean, maintainable code and building products that scale.

EXPERIENCE

Junior Fullstack Web

PureTik Company

03/2024 - 10/2024 Baghdad, Iraq

- Developed and maintained the DR.Lab desktop application using React, Electron, and SQLite.
- Implemented efficient front-end and back-end solutions, reducing project delivery time by 40%.
- Collaborated with cross-functional teams to deliver new features and resolve technical issues.
- Successfully completed all assigned tasks on schedule, maintaining a 100% on-time delivery rate.

React JS Developer

Al-Jazeera Telecom

10/2024 - 04/2025 Baghdad Al-Karahda

- Building high-quality, dynamic interactive projects using React.js according to the company's needs.
- Developed responsive and high-performance React.js applications based on business requirements.
- Integrated and managed 150+ REST API endpoints, ensuring seamless communication between frontend and backend services.
- Designed reusable UI components and improved application maintainability.
- Followed clean architecture principles to build scalable and user-friendly interfaces.
- Strong background in logic and building philosophy for user interfaces.

Frontend Web Developer

Talabatey

04/2025 - Present Remotely

- Managed front-end development of a React.js platform with 20+ components, ensuring seamless integration and responsive design dashboard.
- Front-end development for a large-scale React.js platform with 200+ integrated API endpoints.
- Built scalable, reusable React components and maintained a well-structured project architecture.
- Collaborated closely with backend developers to deliver complex business features.
- Delivered a fully functional app, overcoming major React.js challenges, achieving 90% user satisfaction at Talabatey.

Full Stack Developer

Freelancer

04/2025 - Present Remotely

- Designed and developed complete MERN stack applications from concept to deployment.
- Built scalable REST APIs using Node.js, Express.js, MongoDB, and PostgreSQL.
- Developed responsive React.js frontends with modern UI/UX practices.
- Delivered production-ready solutions for clients across multiple industries.

KEY ACHIEVEMENTS

Doctor Lab (Desktop App)

Developed a desktop laboratory management system using **Electron.js**, **React**, and **SQLite**.

Task Management (Jira Clone)

Full Stack Web Application MERN Stack Built authentication, role-based access control, workspaces, projects, task boards, and sprint management.

Taxi Talabatey Dashboard (Web App)

Built a large-scale Admin Panel from scratch, taking it from idea to production.

Restaurant Ordering & Reservation Platform

Designed and developed a large-scale restaurant ordering and reservation platform from **system design** and **ERD planning** to **production deployment**.

SKILLS

HTML	CSS	Tailwind CSS	JavaScript
TypeScript	Node.js	React.js	Next.js
Express.js	Electron.js	Database Design	
Git	SQL Server	Postgres	SQLite
Mongo DB	GraphQL	REST API	AWS
Three.js	Firebase	CI/CD	

EDUCATION

Bachelor's of Computer Science

University of Baghdad

01/2019 - 05/2023 Baghdad Al-Jadriya

TRAINING / COURSES

Aon - Full Stack Web Development BootCamp

Completed an intensive 3-month hands-on training focused on scalable web applications and modern backend integration.
